In a quiet residential setting, we offer for sale a semi-detached villa from the 1980s consisting of two separate residential units, ideal for two families or for those seeking a main residence with independent living space for family members. The ground-floor unit, measuring approximately 96 square meters, features spacious and functional spaces: the entrance leads to the eat-in kitchen and the sleeping area, comprising two double bedrooms, a study, and a bathroom with a window. The floor also includes a boiler room and a garage of approximately 21 square meters. The property is enriched by two splendid porticos, one on the east side of approximately 20 m2 and one on the south side of approximately 36 m2, ideal spaces to enjoy during the summer. The first-floor apartment, approximately 160 square meters, with a private entrance, offers a comfortable and bright layout with a kitchen, large living room, three bedrooms, study, bathroom with window, and terrace, ensuring generous and well-organized spaces. The entire property includes a private courtyard of approximately 550 square meters that surrounds the home on multiple sides, offering privacy and outdoor living, as well as four parking spaces. This is an attractive option for those seeking independence, generous space, and versatile living.
