Historic center – commercial property with change of intended use to residential use In the heart of the historic center, we offer an interesting commercial property with the possibility of changing its intended use to residential. The property extends over approximately 90 square meters on the main floor, plus a further 90 square meters of a splendid basement, ideal as an additional space, relaxation area, hobby area, or multifunctional space. The spacious and versatile spaces offer excellent potential for customization and enhancement, making the property an ideal solution for those seeking a one-of-a-kind residence amidst the authentic charm of the historic center. Centrally located and convenient to all amenities, with strong character and great potential for transformation. Excellent opportunity for both residential and investment use.
